XCD COMMANDER COMPATIBILITY

DOCUMENT No. XCD0451000-00 REV. A

Nanomotion Ltd recommends that Host computers running XCD Commander and connected to XCD Drivers use one of the following OS and communication configurations:

- OS is Windows XP with any adapter
- OS is Windows 7 with communication directly to COM port
- OS is Windows 7 with STlab adapter firmware version 3.00

Use of any other configuration may cause functional and operational problems.
